GLEN MARY FISH FARM

Chas. Pommert, Prop.  John Pommert, Mgr.

AMELIA, OHIO.

WHOLESALE GROWERS OF FINE GLADIOLUS
For many years growers of Summer cut flowers have realized the need of a good white Gladiolus and many have tried to produce such a one. A number of whites and so called whites have been put on the market but all have been found seriously wanting in some vital point. At last we have one that fills the requirements of both Florist and Grower.

Ten years ago we produced a pure white with flowers same size and form as America but with more substance and better shipping and keeping qualities, and perfectly healthy and a big producer in the field.

We have been marketing the cut blooms in Cincinnati for a number of years where they have stood in high favor. This variety has been distributed in small quantities pretty well over the country in the past three years and has given good satisfaction. We have a large stock of fine bulbs this season and the price is low enough that they can be planted for Cut Flowers at a good profit.

We showed this new white (Purity) at the Washington, D. C. convention S. A. F. & O. H. where it created quite a sensation and was granted a first class certificate by the Judges as a new sort.

It's fine chaste appearance and it's splendid behavior in the field make it lead all other whites. It is good in the field all Summer and Fall — does not sunburn — is a good keeper — the best shipper — finest for bunching. Has replaced other whites for cut flowers where ever grown.

As to the quality of our bulbs — They have always been recognized by dealers as the best produced.

There is another so called “Purity” in the market — A very inferior kind and not pure white Be sure and get the right one “Pommerts”.
Amelia State Bank, Amelia, Ohio,  
January, 1st. 1925,

Special Offer

We have a quantity of Purity bulbs which have become mixed with America (about half of each variety.) While they last we offer these as follows:

1½ inch and up........... $10.00 per 1000.  
1¼ to 1½ inch............ 8.00 per 1000.

Ronks, Pa. Dec, 14, 1921.

Glen Mary Fish Farm, Amelia, Ohio,  
Gentlemen, The nine boxes of bulbs of Gladiolus Purity reached here yesterday evening in the very best condition and I wish to say that I have never received a finer or healthier lot of bulbs.  Yours very truly, Charles M. Weaver

Thomas Cogger, 229 Laurel St., Melrose Mass. says---"I planted the 500 Purity which you furnished this last Spring and I am much impressed with this sort and I feel confident that it has a big commercial value".

Perry Gardens, Ravenna, Ohio. says---"It is a grand Gladiolus and much better than some of the bragged up whites."

F. M. Wright, Sturgus Mich, says---"I sure like Purity."
